SDG 17.3.3 - PROGRESS AGAINST SDG3

The cross-sectoral discussions and activities held in 2024-2025 to further the Sustainable Development Goals (SDGs) of the United Nations are compiled in this report. In order to debate sustainable practices, innovations, and disaster preparedness, these efforts sought to bring together stakeholders from a variety of sectors, including youth representatives, academic professionals, and healthcare trainers.

REPORT OF THE EVENT

S No	Date of Event	Name of the Event	Department Organized	Event Coordinator	Target Participants
1	28.01.25 @ 10.30am	Anti - Drug Awareness Programme - "Slogan Writing Competition"	AI&DS	Mr. S.Senthilkumar	Students

This Slogan writing competition aims to engage students in creative expression while reinforcing the importance of living a drug-free life. Through this initiative, students are encouraged to think critically about the impact of substance abuse, which helps raise awareness of its harmful effects on health, education, and personal growth. By participating, students make a conscious commitment to a drug-free lifestyle and take a pledge to avoid substance abuse, setting a positive example for their peers. The competition not only enhances students' awareness of the dangers of drugs but also fosters a sense of responsibility and accountability in promoting healthy choices within their campus community.

As a part of Anti-Drug Awareness Programme, Department of AI&DS along with National Service scheme conducted "Slogan Writing Competition" on 28.01.2025 for the all Students. This programme created a lasting impact on students' attitudes toward drug use, helping them focus on their education, personal development, and a future built on healthy decisions.
