REPORT OF THE EVENT

Computer Literacy Program on the theme "Youth for Digital Literacy"

The Department of Computer Science and Design along with National Service Scheme has organized a computer Literacy Program for Government School Students on the theme "Youth for Digital Literacy" at Government Primary school, Narasimmapuram, Coimbatore on 7.10.2024. The objective of this Computer Literacy Program for Government School Students is to empower young minds with essential digital skills, bridging the digital divide and fostering inclusive growth. The program aims to provide students with hands-on experience in using MS Word and MS Excel to enhance their educational and personal development.

This programme is expected to yield transformative outcomes by equipping participants with foundational digital skills and fostering confidence in using technology. Students will gain practical knowledge of computer operations, internet safety, and basic word processing enabling them to enhance their academic performance and explore opportunities in a tech-driven world.

Date: 01.10.2024

The Department of Electronics and Communication Engineering is organizing a **Painting Workshop for School Students** on the theme **"Canvas for Change: Visualizing the UN Sustainable Development Goals"** on **07.10.2024** at SKCET. The workshop aims to encourage creativity and artistic expression among school students while creating awareness about the United Nations Sustainable Development Goals (SDGs). Participants will be encouraged to express their ideas through theme-based paintings focusing on SDGs such as Climate Action (SDG 13), Clean Water and Sanitation (SDG 6), Affordable and Clean Energy (SDG 7), and Life on Land (SDG 15).

All interested school students are invited to participate and showcase their artistic talents.

REPORT OF THE EVENT

Canvas for Change: Visualizing the UN Sustainable Development Goals

The Department of Electronics and Communication Engineering organized a Painting Workshop for School Students on the theme “Canvas for Change: Visualizing the UN Sustainable Development Goals” on 07 October 2024 at Sri Krishna College of Engineering and Technology (SKCET). The workshop aimed to encourage creativity, artistic expression and imagination among young learners while creating awareness about the United Nations Sustainable Development Goals (SDGs).

The workshop provided an opportunity for students to explore their artistic abilities and develop an interest in visual arts. Participants were introduced to basic painting techniques, colour combinations, brush handling and creative composition. They were encouraged to experiment with colours and communicate their thoughts and ideas through paintings. Theme-based painting prompts were assigned based on selected SDGs, including SDG 13 – Climate Action, SDG 6 – Clean Water and Sanitation, SDG 7 – Affordable and Clean Energy, and SDG 15 – Life on Land. These themes motivated students to portray environmental protection, water conservation, renewable energy and biodiversity through their artwork.

The participants actively engaged in the activities and enthusiastically showcased their creativity and artistic talents. The workshop created an interactive and enjoyable learning environment while enhancing their observation skills, concentration, imagination and aesthetic sense. It also helped students understand important global sustainability concerns through an engaging artistic approach.

Outcome:

The workshop successfully nurtured creativity, artistic skills and confidence among school students through hands-on painting activities. It enhanced their awareness of environmental conservation, sustainable energy, water management and biodiversity.

The programme contributed to SDG 4 – Quality Education by promoting inclusive and creative learning, while directly supporting SDG 6 – Clean Water and Sanitation, SDG 7 – Affordable and Clean Energy, SDG 13 – Climate Action, and SDG 15 – Life on Land through theme-based artistic expression.
