THE INSTITUTION

Sri Krishna College of Engineering and Technology (SKCET) was established in the Golden Jubilee year of Indian Independence 1998 with 180 students, 18 staff and 4 branches of B.E. In a span of 13 years it has grown in size and stature. Presently more than 3000 students are studying in 6 branches of B.E./ B.Tech., 5 branches of M.E., MBA and MCA. The College has a modern Library covering an area of 55,000 Sq.ft with international standards. The College has a separate Placement and Training division and maintains a good placement records. The college is one among the best self financing Engineering colleges imparting high quality of technical education in TamilNadu.

THE DEPARTMENT

The Department of Computer Applications makes every effort to enrich the knowledge of students through value-based education. It also strives to be a center of intellectual inspiration for the students and staff members and the changing society and to grow horizontally by rigorous research in diversified area by faculty. The Department has a very good placement record and our students have got placed in companies like Infosys, TCS, Wipro, Hcl etc.

ABOUT THE CONFERENCE

The Department of Computer Applications of Sri Krishna College of Engineering and Technology is organizing the Second National Conference on Recent Trends in Advance Computing (NCRAC) during 24th & 25th March 2014. The Two day programme will consist of Paper presentation, expert invited talks and panel discussion.

OBJECTIVES

The goal of NCRAC-2017 is to motivate and encourage research and development activities in Computer Applications. NCRAC- 2017 aims to bring together researchers and scientists from academia and industry to present new solutions in research directions in innovative techniques and its applications.
