

## THE INSTITUTION

Sri Krishna College of Engineering and Technology occupies a place of pride amongst the premier technical Institutes of South India. Established in the year 1998, within a decade, the Institute has marched towards the pinnacle of glory through its remarkable achievements in the field of Engineering Education. The college is ISO 9001:2008 certified and is approved by AICTE, Accredited by NBA, New Delhi, NAAC 'A'Grade and affiliated to Anna University. The College offers various UG and PG courses and has 8 full fledged Departments with Excellent Infrastructure facilities. The College has earned wide reputation for its quality of teaching and holistic approach adopted by eminent faculty towards grooming the younger generation. A fully Air Conditioned central library of International standard, Excellent computing facilities with 40 Mbps (1:1) leased line Internet Connectivity, modern laboratories to meet the Industrial standards , High profile placement cell and R & D cell makes the Institution Unique by all means.

## THE DEPARTMENT

The Department of Computer Applications makes every effort to enrich the knowledge of students through value-based education. It also strives to be a center of intellectual inspiration for the students and staff members and the changing society and to grow horizontally by rigorous research in diversified area by faculty. The Department has a very good placement

record in reputed companies like Infosys, CTS, TCS, Wipro, HCL etc.

## TOPICS FOR DISCUSSION

1. Introduction to the Internet of Things
  - a. The Internet of Things
  - b. The Basics of Sensors & Actuators
2. Introduction to the Security Challenges in IoT
3. Threat Models in Internet of Things
4. Security in Wireless Sensor Networks

## SCOPE OF THE WORKSHOP

The main objective of this seminar is to clearly describe the importance of the security in Internet of Things and discusses the various techniques needed to achieve security in IoT. It will help the faculties and other participants who attend this programme to understand the importance of security in IoT. .
