- **Frequently of the Board Meeting and Academic Advisory Body**

Once in a Semester

- **Organizational chart and processes**

- **Nature and Extent of involvement of Faculty and students in academic affairs/improvements**

SKCET believes in participative management where students and faculty are involved in academic affairs for the overall improvement of the teaching-learning process. The faculty and students of SKCET are adequately represented in various forums and they are empowered to organize events and display their leadership skills. Some of the forums where faculty and students play an active role are as follows:

#### **Students Council**

Students council is a body which represents students of all departments and co-ordinated by two senior faculty members. Principal discusses the academic issues with the council members twice a semester and recommends corrective actions based on the suggestions and feedback.

#### **Class Committee Meeting**

The class committee comprises of students representing various categories like the fast learners, slow learners, class handling faculty and tutors. The HoD and the Principal may also attend the meeting. The meeting is convened twice a semester to discuss the academic progress of the students and improvement required in the teaching learning practices.

### **Program Advisory Committee**

The programme advisory committee (PAC) discusses about curriculum revision, framing the program outcomes (POs), program specific outcomes (PSOs) and program educational objectives (PEOs). Senior faculty members, industry and academic experts, students and alumni are members of PAC. The suggestions from students pertaining to curriculum and syllabus are implemented through this committee.

### **Board of Studies:**

Each department has a Board of Studies (BoS) to review the Curriculum/Syllabus periodically. The BoS meeting is convened twice a year and the faculty members with more than 3 years of experience are members of the Board, with the HoD of the Department being the Chairman of the BoS. The BoS is responsible for proposing changes to the curriculum/syllabus based on the feedback received from various stakeholders.

### **Clubs and Associations**

Students are adequately empowered through the various clubs and associations that exist in the Institution. The Society of Automotive Engineers (SAE) Club, Institution of Indian Foundrymen (IIF) Chapter, Energy Club, Coimbatore Productivity Council (CPC), Society of Automation and Robotics (SAR), Innovation and Entrepreneurship Development Centre (IEDC), Mozilla Campus Club, Google Crowd Source Team, IEEE Robotics and Automation Society, Energy Audit Cell, Technical Club, Humor Club, Westibule English Club, Tamil Mandram, Eco Green Club “Manvasam” and Social Club “Eagai” are some of the vibrant clubs and chapters that enhance the skills of the students. In addition to the above, all the departments have a vibrant Association headed by a Student Secretary and the members of the Association are also students. The Association invites industry experts and organizes guest lectures in the upcoming domains. Group discussions, symposiums and workshops are also organized by the Association.

### **Social Outreach**

The students of SKCET actively participate in NSS and YRC activities. The NSS and YRC club of SKCET inculcate the human values among the students. Government schools and socially backward areas are adopted and camps are organized in those areas for the well being of the community.

### **Entrepreneurship Development Cell**

Entrepreneurship Development Cell inspires the budding engineers to float their own business/venture through various seminars and workshops. Eminent industrialists and budding entrepreneurs are often invited to motivate the young students. The successful alumni of SKCET

pursuing the entrepreneurial route also encourage our students through frequent interactions. The college also has an active Innovation and Entrepreneurship Development Centre (IEDC) funded by the Department of Science and Technology (DST), Government of India. Funds worth to a tune of Rs.5, 00,000 are offered to five best innovative students projects every year

to enable them to take it to the market. So far 25 projects are funded by Innovation and Entrepreneurship Development Centre.

### **Research Incubation Cell**

The college also has a vibrant Research Incubation Cell (RIC) to provide incubation support to the budding entrepreneurs. The Institution provides mentoring support, office space and testing facilities to the start-ups to take their creative ideas to the market. Some of the prominent start-ups taking incubation support at SKCET are, Intain Technologies, Inspirit Junction, Medipro and F-Bot. In this regard, Ministry of Human Resource Development (MHRD) recognized SKCET as a prominent Innovation Hub of the nation in Atal Ranking of Institutions on Innovation Achievements (ARIIA) 2019. SKCET is officially recognized with a Certificate of Appreciation by MHRD for its dynamic participation in the rankings which is exclusively awarded only to the top 100 rank holders.

Faculty and students are motivated by suitably recognizing their contributions during the College Annual Day. Best Faculty Award, Best Outgoing Students Award, Best Library user award, Best Research Paper Award, Research Grant Award, Patent Award are some of the awards bestowed to the performing faculty and students. In addition, incentives are given for paper publication, book publication, funded projects, filing of patents and winning in events/hackathons during the College Annual day function. A star performer function is also organized every semester to recognize the exemplary faculty performers. The following incentives help in improving the working ambience and academic acumen of the teaching faculty.

1. Faculty Performance Incentive for Best Teachers
2. Incentive for publication of papers in Journals
3. Incentives for filing patents
4. Incentives for writing books
5. Incentive for obtaining external funded projects
6. Incentive for the mentoring Smart India Hackathon prize winners
7. Bonus monthly salary for performing faculty.
8. Sponsored foreign trips for performing faculty and heads.
9. Fees concession for the wards of staff members studying in SKCET
10. Incentives for performing supporting staffs.

### **• Mechanism/ Norms and Procedure for democratic/ good Governance**

The Chairperson and Managing Trustee of the Sri Krishna Institutions is the overall head of Sri Krishna College of Engineering and Technology. The Chief Executive Officer (CEO) supports the Chairperson and Managing Trustee in overall administration. The Principal steers the Institution forward in all the academic endeavours and leads the team of HoDs, Controller

of Examination, Administrative Officer, Librarian and Physical Director.

The academic bodies like the Governing Body, Academic Council and the Board of Studies ensures the progression of the Institution towards its mission and vision. The Internal Quality Assurance Cell (IQAC) ensures quality and assists in overall planning of academic activities. The hierarchical structure of the Institution is effectively designed to exude the best leadership traits to attain the vision and mission of the Institution.

### **GOVERNING BODY**

The Chairperson and Managing Trustee Smt. S. Malarvizhi is the head of the governing body which includes members from all the affiliating bodies of central and state governments, industrialists, senior faculty and educationalists. The responsibility of the governing body is to monitor the functioning of the Autonomous system and provide suggestions / recommendations for the progression of the Institution. The Governing body meeting will happen twice a year.

### **ACADEMIC COUNCIL**

Principal of the Institution Dr. J. Janet is the Chairperson of the academic council which comprises of University nominee, academic and industrial experts nominated by the management, heads of various departments and internal senior faculty members. The syllabus and curriculum finalized by the Board of Studies will be placed before the Academic Council for approval / suggestion and ratification if any. The academic council meeting will happen twice a year.

### **BOARD OF STUDIES**

Each department has a board of studies committee headed by the HoD of the respective department. All the faculty members with more than 3 years of experience are the members of the board. University nominee, industry experts, alumni and academicians from prestigious Institutions will be invited for the board meeting. The responsibility of the board is to finalize the Syllabus and Curriculum as per the guidelines of the University and AICTE. The board meeting will happen twice a year.

#### **Student Feedback on Institutional Governance/ Faculty performance**

- Sri Krishna College of Engineering and Technology (SKCET) is one of the leading professional Institutions which disseminates knowledge and promotes research among the student community. In this regard, valuable comments and suggestions are received from various stake holders like Alumni, Industry Experts and Outstanding Academicians to upgrade the curriculum and syllabi on a continuous basis. The suggestions received are also incorporated for improving the teaching learning process. Feedback received from the students and their parents are also given due consideration for continuous improvement of the system. 360 degree feedbacks are collected through the following modes for monitoring and improving the teaching learning process.
- Student feedback is obtained through online mode to assess their opinion on the teaching standards, adequacy of academic infrastructure and updating their employability skills.
- Class committee meetings are conducted twice a semester, where student representatives discuss their academic and non-academic issues with the class handling faculty members in the presence of a senior faculty from other department. HoD of the department and the Principal shall also attend the meeting. Remedial actions are initiated immediately based on the merits of the issues.
- Student council is also convened twice every semester to discuss the progress of the students. Principal discusses with the student members and understands their requirements.
- An effective tutor-ward system exists in the Institution to understand the opinion of the students. A tutor is allotted for a batch of 15-20 students and meetings are frequently convened to discuss the academic and non-academic issues faced by the students. Separate social media groups are created for all the tutor-ward groups, through which the

students can contact their tutors all 24x7. Students can also approach the Grievance Redressal Cell for pressing issues.

- The Academic programmes are designed in alignment with the vision and mission of the college, duly incorporating the suggestions and recommendations received from the stakeholders. Apart from obtaining and incorporating the suggestions and recommendations from the stakeholders on a continuous basis, the formalized interactions in the Board of Studies,
  - Academic Council and Governing Body also pave way for updating the curriculum, syllabi and pedagogy. Some of the key modifications that have been incorporated in the curriculum based on the feedback from the stakeholders are as follows:
  - Choice Based Credit System (CBCS) was introduced in the academic year 2015-16. CBCS has made the Curriculum inter-disciplinary and has provisions for flexible learning.
  - 21 days of Internship has been made mandatory along with credits.
  - Eighth semester has been earmarked for industry internships.
  - Mini project has been included in the curriculum to provide the students with practical learning exposure.
  - Value added courses have been identified and students are encouraged to pursue such courses on contemporary/emerging areas.
- 
- **Grievance Redressal mechanism for Faculty, staff and students**

### **Grievance Redressal Cell**

Institution has a General Complaints and Grievance Redressal Cell for addressing the grievances of staff and students. Principal, Senior Faculty and Senior Women Faculty are members of this cell. The cell reviews the grievances received and resolves it through enquiry. Identity of person filing complaint is kept confidential and the solution/decision with regards to the suggestion is implemented after approval from the Chairperson and Managing Trustee.

### **Functions**

- To provide appropriate solution for academic and administrative problems experienced by the students.
- To create an integration between the students and functionaries to redress the grievances.
- To obtain the facts through relevant sources in a fair manner and to provide the fitting
- solution for the grievances brought by the students and faculty

### **Constitution of The Grievance Redressal Committee (GRC):**

1. Chairman - Principal
2. Members - Heads of All Departments
3. Members - Senior Professor/Female Professor from the concerned department.

### **Procedure for Filing the Formal Complaint/Grievance:**

1. Any student or staff of the Institute may lodge a complaint.
2. Complaint should be made to Grievance Redressal Committee.
3. Complaint may be oral, through the online mode, through portal

(<http://www.skcet.ac.in/grievance.php>) or in writing. If the complaint is oral, it will be converted into document by the GRC member who received the complaint and the same will be authenticated by the complainant.

**Process For Addressing The Grievance:**

1. Upon receipt of complaint, the Chairman will send a response to the complainant acknowledging the receipt of grievance.
2. Based on the nature and severity of the complaint, the Chairman may take one of the two options to proceed on addressing the concerns

**Option 1: Exercised on matters that could be more routine.**

- i. The Chairman may address the issue directly with the help of the concerned department.
- ii. In this case, it is important that the complainant is communicated about the actions taken or the work-in-progress in a timely manner.
- iii. Once the matter has been resolved the Chairman will send a final update to the complainant on the matter.

**Option 2: Exercised in matters of very serious concern, in consultation with the Chairperson.**

- i. The Chairman may convene a meeting with the GRC.
- ii. The Committee, as required, may also call for a deposition by the complainant and the person/representatives from the department against which the complaint has been made.
- iii. Final decision of the GRC has to be communicated to the concerned student / faculty within 14 days of the receipt of the complaint.
- iv. The Chairman of the Committee will communicate the decisions to the concerned parties/departments through email and a copy of the case and decision will be sent to the Chairperson.

3. The Chairman will maintain an updated record of all complaints, actions taken and closure status.

4. In case the complaint has been made against a member of the GRC or a member of the Appeal Committee for GRC, the concerned member will be barred from participating in any proceedings till the complaint has been resolved.

Note:

The following complaints/grievances shall not be construed by the Grievance Redressal Cell for

consideration and disposal:

- Decisions of the Academic Council/Academic Committees constituted by the Institute
- Decisions with regard to the award of Fellowships, fee concessions and awards

- Decisions with regard to misconduct and disciplinary matters
- Decisions with regard to the staff recruitment and selection
- Decisions by competent authority on assessment and examination result / revaluation or remarking of answer sheets.

## 10. Admission

Admission for BE/B.Tech/M.Tech (Integrated) Programmes is done based on the guidelines issued by the Tamilnadu State Government and AICTE.

## 11. Admission Procedure

Admission for BE/B.Tech/M.Tech (Integrated) Programmes is done as per the procedure mentioned in the below mentioned websites.

<http://tnsfc.com/>

<https://www.tneaonline.org/>

## **12. Criteria and Weightages for Admission**

As per the guidelines of Tamilnadu Government and AICTE, 65% of seats are surrendered to Tamilnadu Government's Single Window System Admissions and remaining 35% is filled through the Management Consortium Examination. The merit list is prepared based on the cut-off marks calculated from the Mathematics (100%), Physics (50%) and Chemistry (50%) courses of the Higher Secondary Examinations.

ME admissions are done based on TANCET/GATE Scores

## **13. List of Applicants**

The applicants for pursuing BE/B.Tech/M.Tech (Integrated) Programmes shall apply through the webportals of Tamilnadu Government and Tamilnadu Self Financing Consortium for Single Window Counselling and Management Quota admissions, respectively. The web portals are as follows.

<http://tnsfc.com/>

<https://www.tneaonline.org/>

Similarly, the ME aspirants shall apply through the Tamilnadu Government portal given below.

**20. Best Practices adopted, if any**

**I. Clean, Green and Smart Campus**

**1. Title of the Practice:** Clean, Green and Smart Campus

**2. Objectives of the Practice**

- The mission of Smart Campus initiative is to bring a sustainable and energy efficient environment.
- To provide a learning environment that is not just scenic but also eco - friendly.

**3. The Context**

Clean, Green and Smart Campus process motivates students to keep their campus Green and Clean and also implement smart projects. The mission of the Smart Campus initiative is bringing a sustainable, eco-friendly and energy efficient environment. Smart Campus is an efficient, safe, responsive and enjoyable place to live and work, underpinned and enhanced by digital / internet-based technologies.

**4. The Practice**

Students are taught to clean the campus area. The motto is to create awareness about the negative effects of plastics and discourage students from using them. During seminars

and other events, the college encourages all departments to refrain from using any type of plastic. Important sign boards such as 'Please Don't Litter,' 'Keep Clean', are placed throughout the campus. Dustbins with segregated outlets are also placed. Smart projects like Odour sensor, smart dustbins, smart irrigation, water level indicator are invented. Sensors have been deployed in water tanks to sense and alert when the tanks are filled to capacity. Wastage of water has been curbed because of this measure. Air quality Monitoring systems have been installed to ensure cleanliness and hygiene. Automatic lamps are fitted in the classrooms which turn ON/OFF on sensing human presence/absence. Students and faculty are encouraged to choose digital records over paper records, wherever possible. A contemporary waste water management system ensures proper recycling and utilization of waste water. As part of rain water harvesting, all pathways have holes placed periodically that facilitate the rain water to drain into underground trenches.

### **5. Evidence of Success**

Our campus is free from plastics and students are actively coordinating to keep the campus clean. Smart projects are being utilized in the respective premises. The students are taught about the importance of a clean environment and they are also made to take part in several activities as part of Swachh Bharat Mission, Observance of “SwachhataPakhwada”, in keeping the campus clean and healthy. SKCET secured 2<sup>nd</sup> ranking in Swachh Campus ranking

2019 and Third Prize for clean and Smart Campus award in 2020.

**6. Problems Encountered and Resources Required:** Nil.

## **II. Daily e- Newsletter (SKCET BUZZ)**

**1. Title of the Practice:** Daily e- Newsletter

### **2. Objectives of the Practice**

- To register the best happenings in the Institution daily.
- To showcase students and faculty achievements in curricular and Co-curricular arena to the stakeholders.

### **3. The Context**

An energetic ensemble of students motivated by dedicated faculty can produce wonders. SKCET BUZZ is the measure of the progress of these wonders. The Daily Newsletter will buzz on the array of events - tech talks by industry professionals, department associations, workshops, placement training and status updates, industrial visits and accolades of students and faculty.

#### **4. The Practice**

The events occurring in the Institution level are delivered and documented on a daily basis. Various activities of the department association like workshops, seminars, conferences, guest lectures, hackathons, chapters and clubs are enumerated in the magazine and thus it creates an awareness of the events that occurred.

#### **5. Evidence of Success**

It has been widely recognized in social media.

#### **6. Problems Encountered and Resources Required: Nil**

### **III. Smart and Virtual Lecture Rooms**

#### **1. Title of the Practice: Smart and Virtual Lecture Rooms (Flipped Classroom and Blended Learning)**

#### **2. Objective of the Practice:**

- To create a Flipped and Blended Learning Environment.
- To create a student-centric learning environment.
- To promote self-paced learning.
- To encourage the students to actively participate in the lecture.

#### **3. The Context:**

Capitalizing on the wealth of digital learning gadgets available today and also understanding the necessity to adapt education to suit students of the “digital natives” era, the Institution has endorsed many modern pedagogical models.

#### **4. The Practice:**

A combination of the flipped classroom model and Blended Learning is in place, to facilitate effective teaching-learning. Smart boards mounted in all classrooms have provided a better and superior way for the instructors to present and deliver their lectures. With the provision to include graphics and animations in the classroom content, lectures through smart boards are much more engaging and persuasive for the learners. Google Classroom is effectively used to enhance the students’ interest in learning, by providing them with immediate and 24 x7 access to lecture materials and other supportive learning

content. The students are encouraged to read and learn new content using web resources, e-books, etc. and then are evaluated through in-class practical assignments, discussions, and presentations. As part of creating a blending-learning environment, the instructor carefully plans and includes appropriate educational videos, games, online learning material and podcasts, as would suit and complement the course being taught.

**5. Evidence of Success:**

This practice has resulted in a marked increase in the percentage of students, who interact and actively take part in the lecture session. The faculty is able to assess the students' understanding based on their participation and the teacher is able to identify and help students who struggle.

**6. Problems Encountered and Resources Required: Nil**

**IV. Snap Talk**

**1. Title of the Practice:** Snap Talk by Students

**2. Objectives of the Practice**

To enhance the Communication and Presentation skills and also to inculcate the art of public speaking by the students in order to meet the global needs

**3. The Context**

The area that needs to be addressed is stress management and emotional control. The process brings out effective learning in communication skills and the presentation skills in front of an audience. Creative thinking of the students on the exposure to various topics are highly enhanced.

**4. The Practice**

Students are motivated to share their point of view on a given topic in front of their classmates everyday which in turn not only enlighten their knowledge but also break their shell when it comes to public speaking.

**5. Evidence of Success**

Our students can effectively transmit the information meaningfully either in oral or written.

## **6. Problems Encountered and Resources Required**

The barriers to effective communication need to be addressed.

## **V. Value Added MOOC Courses**

**1. Title of the Practice:** Value Added MOOC Courses

**2. Objective of the Practice:**

- To inculcate the habit of self-learning among students.
- To inculcate the habit of self-learning among students.
- To encourage the students to acquire benefits of the courses facilitated by elite universities across the globe.

**3. The Context:**

The faculty and students are motivated to take up online courses that add value to their regular curricular content. The Institution recommends online learning through reputed and elite online learning platforms including SWAYAM NPTEL, Coursera, edX, MIT Open Course Ware, etc.

**4. The Practice:**

As part of their graduating programmes, the students learn and complete at least one NPTEL (National Programme on Technology Enhanced Learning) course as a Mandatory Course. This learning exercise exposes students to new technological trends, improves their self-learning ability, and permits them to tap into peer - network knowledge across the country. The certifications earned both at the national and international levels results in profile enrichment that in turn improves employability.\

**5. Evidence of Success:**

Based on course registration, completion and certification, the Institution has been recognized as the regional topper by NPTEL for two consecutive years and also holds prestigious ranked positions at the national level.

**6. Problems Encountered and Resources Required:** Nil

## **VI. Industry Partnered Programmes**

**1. Title of the Practice:** Industry Partnered Programmes

## **2. Objectives of the Practice**

In an effort to enhance the quality of engineering education and to enrich the students' employability skills portfolio, the institution plans and accomplishes strategic linkages with the industry.

## **3. The Context**

Industry Partnered Programmes is composed of highly-skilled individuals and domain experts, who disseminate knowledge in an organization and inculcate innovative techniques. These industry-academia partnerships enable the institution, to see around corners and to build their students into industry ready professionals. Leveraging these ties with the industry, the institution fosters innovative research and builds a strong & impactful curriculum.

## **4. The Practice**

An undergraduate programme, B. Tech. Computer Science and Business Systems (CSBS), has been launched in partnership with Tata Consultancy Services (TCS). The curricula designed by the industry focuses on bringing about a strong understanding of contemporary technology, and an equal appreciation of humanities, management sciences and human values.

As part of an MoU signed with Virtusa Consulting, an integrated programme, M.Tech. Computer Science and Engineering has been introduced. Students of this programme would benefit from the comprehensive curriculum, set in connect with Virtusa Consulting, that encompasses practical engineering skills and latest technology trends. The graduates will also get the opportunity to work on live projects and case studies as part of internship opportunities.

## **5. Evidence of Success**

Deeper engagements between the industry and the institution facilitate knowledge sharing, application inspired engineering research and eradication of the skills scarcity prevalent in the current industrial ecosystem.

## **6. Problems Encountered and Resources Required: Nil.**

## **VII. Seed Money for Incubation**

### **1. Title of the Practice: Seed Money for Incubation**

### **2. Objectives of the Practice**

To motivate the students to initiate small start-ups and mould them as a successful business person.

### **3. The Context**

It provides an opportunity for the students to run small start-ups with adequate investment from the college. College has invited proposals from students, research scholars, faculty members and potential entrepreneurs for sanction of SEED money for start-ups. This would encourage students doing undergraduate/postgraduate programmes to become innovative entrepreneurs on completion of their courses.

#### **4. The Practice**

Students are taught to run a company. The SEED money was provided by the management. Students also run the shop on their own and generate profit. The seed money will be paid back over a period of time, from out of the profit generated.

#### **5. Evidence of Success**

Students of School of Management are involved in running a company, viz., a boutique shop (within the campus). The seed money had been paid back with their generated profit.

#### **6. Problems Encountered and Resources Required: Nil**
