Newsletter of Department of Physical Education

June 2017

Chairperson Message

Smt. S. Malarvizhi

Chairperson and Managing Trustee

“Victory belongs to the most persevering” says Napoleon. This perseverance is well learnt through sports. By being an active participant in sports the students learn not only perseverance but also teamwork, sportsmanship, winning and losing, rewards of hard work, self discipline, develop self confidence, skills and handle competitive situations. Books offer stories about these categories but

sports make them feel it themselves by their own experience. An education institution has the responsibility to give an opportunity to the young minds as they play a vital role in building up of a personality. This opportunity has been given by our institution and the students have also proved their efficiency. Congratulations to the students and the Department of Physical Education for launching this thirteenth annual newsletter. “Every one has a life, live it with sports,” I wish the Physical Education Department all success.
