CIRCULAR

In the current scenario we find multitudes of women marching towards success in their personal and professional lives. Behind the confidence and strength of these women lies the feminine grace that fights all the odds that come their way. And we at SKCET, where the population of women is on par or even slightly more than that of men, wish to take this opportunity and form a team of leaders who would represent the various problems battled by the students, staff and faculty members.

Women's Grievance Redressal Cell is a growing community of women in SKCET, who share a common purpose to learn, educate and collaborate on ideas that have the power to effect meaningful and positive change while fighting the odds they face!!

It is an expanding network that brings women in SKCET together to learn, laugh, and celebrate their authentic self, their unique gifts and their personal power!!
