TRAINING AND PLACEMENT

PLACEMENT | TESTIMONIAL BY PLACED STUDENTS

KARTHIKESWARI P
EEE (2022Batch)
Zoho-5.6 LPA

I whole heartedly thank all my faculty members and who helped me all along these 4 years in my studies, projects and placements. The memories which I made in SKCET are fantabulous. I feel greatly honored to be a part of Sri Krishna family. Placement team has literally given us the hope and excellent training sessions. I am very much grateful to them for effectively guiding me for a job role at ZOH0 Corporation. I thank our Principal madam, all the Professors and Placement Team who are part of this glorious journey.

PLACEMENT | TESTIMONIAL BY PLACED STUDENTS

SKCET has always believed in helping and guiding its students. I can proudly say that I have done my undergraduate in true terms and not just studied engineering theoretically. It gave me an opportunity to learn a number of things. There are lots of practical ideas that someone can take away and immediately apply in the classroom. This true passion for Engineering by our college is inspiring more and more of our students to get to and beyond their engineering potential. I am very grateful to the SKCET management, Placement Team and faculty members. My wholehearted advice to upcoming final year students is to start preparing aptitude on a daily basis and enhance your confidence level by practicing.
