## SKCET | APPRECIATION – INFOSYS SPRING BOARD

We are super excited to share that SKCET has been appreciated by Infosys Springboard team for being No.1 in Tamilnadu in terms of maximum certification done on niche skills like Cyber security, AI, Azure.

SKCET topped in Number of registered users, Total no. of Certifications Completed and Total No of courses completed in various categories of the Infosys Springboard.

Also our SPoCs Dr.Jayasudha Subburaj, Placement Officer, Dr.K.Sasi Kala Rani, HOD CSE are recognized as the Best SPoC of the month, with a total of

- 5010 registered users
- 3567 course completion
- 367 certification

## CIVIL | INTERNATIONAL LECTURE SERIES

Department of **Civil Engineering** organized an **International Lecture Series on the topic Academic Research – An Insight** on 2nd March 2023.

**Sri K.Adithya**, Trustee, Sri Krishna Institutions delivered the Presidential Address and encouraged young minds to involve in Research with societal benefits.

Principal Madam **Dr.J.Janet** delivered the Welcome Address and highlighted the significance of research.

**Resource person: Prof.Ir.Dr.U.Johnson Alengaram**, Centre for Innovative Construction Technology, Department of Civil Engineering, Faculty of Engineering, University Malaya. He is one among the world's top 2% scientists.

### Session Takeaways:

- Graduate Engineer Vs Professional Engineer, LEED Certification
- Washington Accord and its impact, Professional Competency
- Research on GeoPolymer concretes, Blast and Impact Resistant Concrete, Industrialized Building System (IBS), Importance of Professional Engineer and Chartered Engineer certification
- Scope on collaborative research and exchange programmes
- Faculty Development activities, 3Ps – People, Prosperity and Planet.

**Introduction to Azure Cognitive Services**

Azure Cognitive Services is a collection of AI services provided by Microsoft that allows developers to add advanced AI capabilities to their applications. The services range from natural language processing, computer vision, speech processing, computer vision, speech processing, computer vision, speech processing.

The purpose of Azure Cognitive Services is to help developers integrate AI into their applications. With Azure Cognitive Services, developers can build applications that can understand and interact with the world around them. This includes image analysis, text-to-speech conversion, and more.

**Language Detection**

Azure Cognitive Language Detection is a feature of Microsoft Azure's Cognitive Services suite of tools and APIs.

The language detection API uses machine learning algorithms to analyze the text and determine the most likely language it is written in.

The API can recognize over 120 different languages, including both widely spoken languages and less common ones.

## AI&DS, CSBS & M.Tech CSE | WORLD SCIENCE DAY

In view of World Science Day, regional level **Project Contest** for girl students was conducted by the Department of **AI&DS, CSBS** and **M. Tech CSE** on 27.02.2023. Students from various colleges exhibited their innovative projects. The exhibits were evaluated and appreciated by the jury members. The best projects were awarded with exciting prizes.

## ECE & MECH | OUTREACH ACTIVITIES

In view of **Lilavati Legal Awareness** the Department of **Electronics and Communication Engineering** and **Mechanical Engineering** conducted an Outreach Activity for the Regional Colleges in and around Coimbatore on 27.02.2023. The students enthusiastically participated in the Elocution Competition on the topic "Indian Constitution". The best speakers were encouraged with exciting Prizes.

# AI&DS, CSBS & M.Tech CSE | NATIONAL SCIENCE DAY

## National Science Day - Science Fest & Science Talk - Know and Grow on 23.02.2023

As a part of **National Science Day**, the Department of **AI & DS, CSBS & M.Tech CSE** conducted an Outreach Activity for the School students of Government Higher Secondary School, Othaikalmandapam. The students of standard Sixth to Eighth enthusiastically interacted with Heads and the students volunteers of SKCET.

The students exhibited their innovative Projects, Poster Designs, Pot Paintings, Glass Paintings and Craft works related to science day. The exhibits were evaluated and appreciated by the jury members. The best projects were awarded with exciting prizes.

# AI&DS, CSBS & M.Tech CSE | NATIONAL SCIENCE DAY - GLIMPSES

## ECE | SKY WATCH PROGRAM

Astronomy club of ECE Department in association with Kovai and Gobi Astro Club, Coimbatore conducted a seminar on **Moonlight Watching** followed by a telescopic sky watching on 27.2.2023. Students enjoyed watching the Craters of Moon, Jupiter, Orion Nebula and Hubble through the space Telescope. The Resource Person of the programme was Mr.A.Dakshinamurthy, Gobichettipalayam Astro Club.

## MECH & MCT | AUTODESK DESIGN WORKSHOP

Departments of **Mechanical and Mechatronics Engineering** in association with **Autodesk and ICT Academy** organized a one day workshop on '**Design Now**' on 27.02.2023. The objective of the workshop is to provide hands on exposure to students in using Fusion 360 software for India Design Week 2023 event. Third year students of the Departments of Mechanical and Mechatronics Engineering attended the workshop.

# M.Tech.CSE | SEMINAR ON MOBILE APPLICATION DEVELOPMENT USING FLUTTER

Department of **M.Tech Computer Science and Engineering** has conducted an Online Seminar for **Third** year students on “**Mobile Application Development using Flutter**” on 24<sup>th</sup> February, 2023. The Resource Person was Mr. Suderson Raju, Chief Executive Officer, Recluse Software, Coimbatore. The key points of the session were: Anatomy of Flutter App, Cross Platform Development with Flutter and dart, Flutter setup and Installation, Creation of Flutter App and Deploying the Flutter app to Physical Device.

# M.Tech.CSE | ASSOCIATION AND CLUB ACTIVITIES

Department of **M.Tech Computer Science and Engineering** organized various events like Fun Feud, Code Debugging , Designer's Hub and Battle of Code as a part of Club activity on 21<sup>st</sup> February, 2023. The winners were appreciated with prizes by **Dr.P.Kavitha Rani**, Head of the Department , **M.Tech CSE**.

## M.Tech.CSE | TECH4ALL

Cognizant Centre of Excellence for **Women Empowerment on Tech4All Program** conducted **Phase II Technical Training**. **Mr.KiranDambal**, AI and ML Trainer, ICT Academy and **Mr.Ali**, Data Analyst Trainer, ICT Academy were the resource people. Students successfully completed the Final Assessment after the training.

(57) Abstract: AI BASED METHOD WITH NANOTECHNOLOGY APPROACH TO THE EFFECT OF TOPICAL CREAMS FOR TREATING BLOOD CANCER NODES Cancer or precancerous condition can be affected by controlling the methylation state of histones or other proteins. It is used to manufacture a medication for treating or preventing cancer, wherein the cancer is lymphoma, leukemia, myeloma, breast cancer, glioblastoma, colorectal cancer, or hepatocellular carcinoma. The tumor and/or neoplasm is selected from the group consisting of blood cancer, B cell leukemia, multiple myeloma, acute lymphoblastic leukemia, chronic lymphocytic leukemia, non-Hodgkin's lymphoma, and ovarian cancer. The fluid used is selected from the group consisting of lactic acid, citric acid, and combinations thereof. One member selected from the group of flavonoids, terpenoids, preservatives, coloring agents, topical anesthetics, and vitamins thereof. Which is used for the treatment or prevention of cancer or a precancerous condition in a subject in need of treatment or prevention of cancer or a precancerous condition. Is a pharmaceutical composition that is administered simultaneously.

(57) Abstract: The agriculture industry is crucial in delivering high-quality food and contributes most to expanding economies and populations. Plant diseases have the potential to significantly reduce food output and wipe out species variety. Utilizing precise or automatic detection methods, early identification of plant diseases can improve food production quality and reduce financial losses. Deep learning has significantly increased the identification accuracy of picture categorization and object detection systems in recent years. For effective plant-disease identification, we used Auto-Metric Graph Neural Network and convolutional neural network (CNN) based pre-trained models. Popular pre-trained models like DenseNet-121, ResNet-50, VGG-16, and Inception V4 were the centre of our attention.

## PLACEMENT | TESTIMONIAL BY PLACED STUDENTS

**Naveena K R, CSE (2021 BATCH),  
RFPIO**

My favorite element of SKCET is its faculty members and learning resources. Being knowledgeable, inspiring, and approachable, my mentors provide students with much guidance and mind-opening perspectives. Their dedication to education helps us develop academic interests and grow intellectually. These resources are successful in assisting us in overcoming academic challenges. I am thankful to SKCET Placement Team for providing a platform to enhance my skills and an opportunity to showcase them. My experience in SKCET College has helped me grow in lot of ways and now I am excited to look for new challenges in a new place while pursuing my dreams. I am very much grateful to my parents for choosing SKCET. Thanks to our Principal Madam and entire SKCET faculty team.

## PLACEMENT | TESTIMONIAL BY PLACED STUDENTS

**Vishali, CSE (2021 BATCH),

My life at SKCET made me stronger and took me a step ahead for being an independent woman. I loved the infrastructure of SKCET. The events that I took part helped me to gain confidence. I would like to appreciate the placement cell at SKCET for the efforts they made for providing a fair and ample amount of opportunities to us. Faculty members worked so hard on our overall development and conducted extra classes for us to enhance our technical and interpersonal skills. Once again my sincere appreciation and gratitude to the Placement Team of SKCET for encouraging me to think globally and spread my wings to take off for the land of rising Sun and I appreciate the support of my college for shaping my career and getting me placed in a reputed company. I loved my time here at SKCET.
