SKCET | 21st GRADUATION DAY CEREMONY

Graduation day is always a day of rejoice, for it marks the conclusion of an educational journey and the commencement of another better life and future.

The 21st Graduation Day Ceremony commenced with the Academic Procession of the dignitaries.

SKCET | 21st GRADUATION DAY

Chairperson Madam along with the dignitaries, invocated the graduation day

SKCET | 21st GRADUATION DAY

Our Beloved Principal Madam **Dr.J.Janet** welcomed the Guests and the graduants to the 21st Graduation Day Ceremony and delivered the Graduation Day Report summarizing the accolades, laurels and key events of SKCET.

SKCET | 21st GRADUATION DAY

Mr. Ganesh Thirunavukkarasu M, Regional Head- Academic Interface Programme, Tata Consultancy Services delivered the Graduation Day address highlighting

- The pivotal role of youth in Nation Building
- Importance of Lifelong learning
- Building responsible digital presence

He also congratulated the Rank holders and the successful graduates on their big day.

SKCET | 21st GRADUATION DAY | GLIMPSES

SKCET | 21st GRADUATION DAY | GLIMPSES

SKCET | ALUMNI MEET

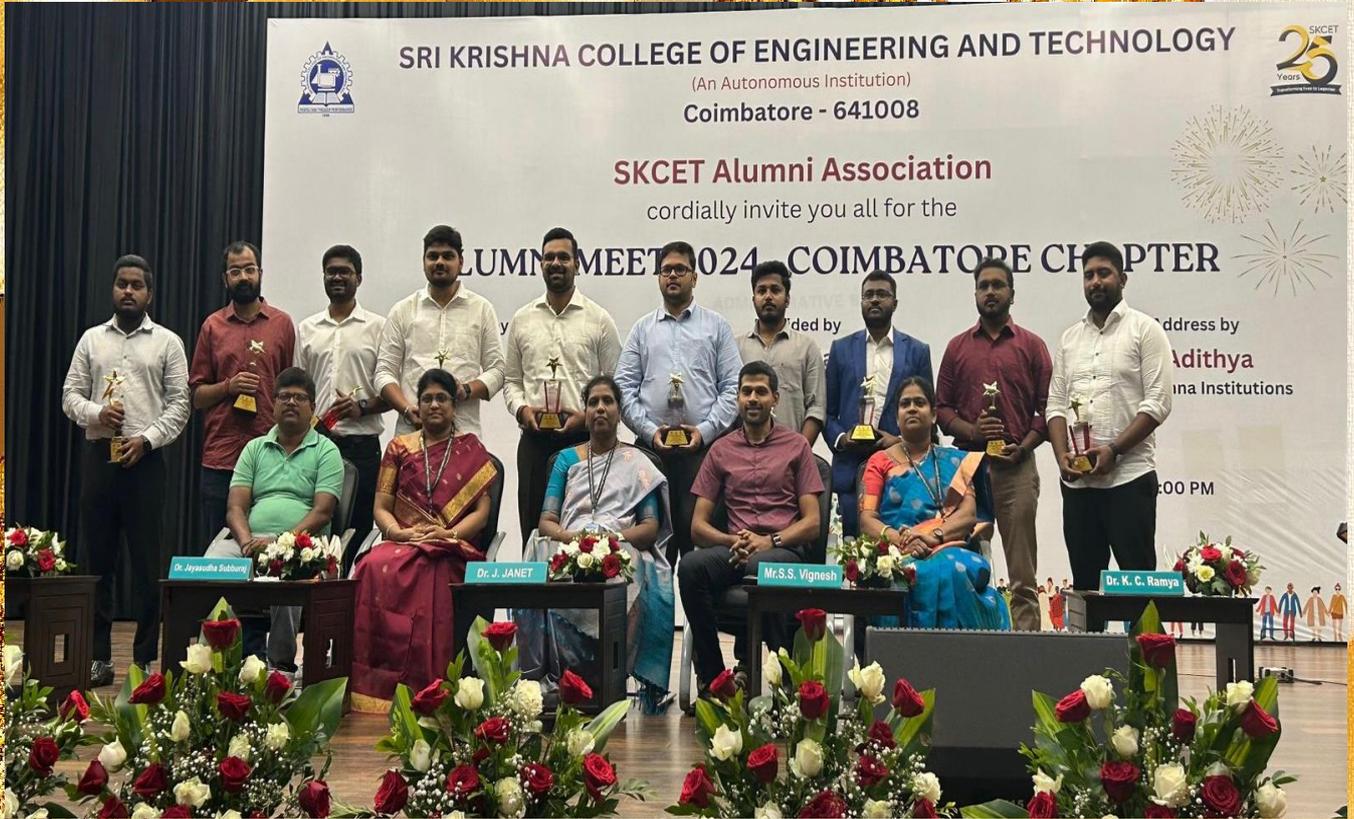

The eagerly anticipated **Alumni Meet - Coimbatore Chapter** has arrived, bringing together our beloved alumni to celebrate and reminisce about the exceptional moments from their college days.

SKCET | PRINCIPAL INTERACTION WITH PRE-FINAL YEAR STUDENTS

Principal Madam **Dr.J.Janet** addressed the **Pre – final** year students on 4.01.2024. She motivated the students, prompting them to take proactive steps towards placements, make best use of all the placement training given to them, and be better equipped for the upcoming recruitment season.

Madam shared her insights, coupled with practical tips to approach the placement process with a strategic mindset, ensuring that they present their best selves to prospective employers. Madam also addressed the students on the importance of cultivating right values and the detrimental consequences of drug usage. She also motivated them to focus on enhancing skills essential for a successful life.

SKCET | PEGA COE INAUGURATION FOR 2025 BATCH STUDENTS

SKCET and Pega Systems has launched second Cohort of **Pega University academy Program [Pega CoE]** for **2025 Batch Students** at SKCET Campus on 05th January,2024. Principal Madam **Dr.J.Janet** welcomed Pega UAP leadership team - **Mr. Sarada** ,Senior Leader, Pega Systems, **Dr. Giridaran**, Senior Director , Talent sprint and **Mr.Santhosh Kumar**, Associate Director, **Pega CoE** is one of the unique academia -industry connect launched by Pega Systems for selecting 21 colleges in India to train students in next gen technologies like BPM, RPA and Digital technologies. **Pega Systems certified students** have a stupendous opportunity to work in Multinational companies like Ford IT, Verizon, Vodafone, Accenture in latest tech stacks.

M.TECH CSE | ANTI RAGGING AFFIDAVIT

First year students of the Department of **M.Tech Computer Science and Engineering** completed the Anti-Ragging form. In doing so, they collectively pledged to contribute towards creating a "**Ragging-Free**" environment within the college. The commitment extends beyond the academic setting, as the students have vowed not to engage in any form of ragging in both their personal lives and throughout their college experience. This pledge reflects their dedication to fostering a positive and respectful atmosphere within the academic community.

IT | ALUMNI INTERACTION

Dr V Vani, Professor, NIT, Puducherry, alumnus of IT Department (1998-2002 Batch), spoke about **"Internship and Future Scope"** on 04.01.2024. She Shared her experience on internship offers, where she highlighted the Importance of taking proactive measures, significance of networking, honing skills and qualifications, staying updated with industry trends, value of compelling resume and need of dedication and commitment

CSD | ANTI RAGGING AFFIDAVIT

First year students of the **Department of Computer Science and Design** has filled the **Anti ragging form** on 5.1.2024 and pledged to make the college "Ragging free " and will not be involved in ragging either in their personal life or in the college.

EEE | CLASS COMMITTEE MEETING

Department of EEE conducted **Class Committee Meeting** for the **Third** year **EEE** students on 05-01-2024. The pointers of discussion were : Academic activities, Class Attendance, Placement training Attendance, Placement preparedness and motivated the students to enhance their skill set in emerging technologies. The meeting was chaired by **Dr. K. N. Sivabalan**, Professor, IT.

MCT | TUTOR WARD MEETING

Tutor Ward Meeting for **First year MCT B** students was conducted on 05.01.2024 by **Dr M Bhuvaneshwari** and **Mr. T. Vignesh**, faculty members of MCT Department. The key topics discussed during the meeting included raising awareness about the drug menace and its consequences, importance of anti-ragging measures, CIA 2 preparedness, significance of internal marks, participation in industry training and stressing the importance of avoiding malpractice during exams.

CSBS | CLASS COMMITTEE MEETING

Department of **Computer Science and Business Systems** conducted **Second Class Committee Meeting** for the **First** year students on 5.01.2024. **Dr. R. Soundararajan**, Professor, Mechanical Engineering chaired the meeting. The pointers of discussion were: NPTEL course registration, assignments and practical records completion and importance of Continuous Internal Assessment 2.

MCT | TUTOR WARD MEETING

Tutor Ward Meeting for Third year MCT students was conducted on 05.01.2024 by **Dr. K. Anandhi**, Assistant Professor, **MCT**. The key topics discussed during the meeting included raising awareness about the drug menace and its consequences, importance of anti-ragging measures, CIA 1 preparedness, significance of internal marks, participation in industry training, placement trainings, mini projects and stressing the importance of avoiding malpractice during exams and registration status of NPTEL Course.

CSY | CLASS COMMITTEE MEETING

Department of **Computer Science and Engineering (Cyber Security)** conducted **Class Committee Meeting** for the **Second-year** students on 5.1.2024. **Dr. R. Senthil Ganesh**, Associate Professor, Department of Electronics and Communication chaired the meeting. Meeting revolved around the key points like: Preparation for Continuous Internal Assessment, Portion Completion, Subject Study Materials, Outcome of Industry Courses, Participation of Extracurricular Events and Hackathon.

MCT | TUTOR WARD MEETING

Tutor Ward Meeting for Third year MCT students by Dr. Pritima, Assistant professor, MCT was conducted on 04.01.2024. The pointers of discussion were: NASSCOM - Completion of Cyber security course, Awareness on Drug menace and its consequences, CIA 1 preparedness, Placement trainings and its opportunities, Miniproject and its follow-up, Avoidance of Malpractice during the exams.

M.TECH CSE | CLASS COMMITTEE MEETING

Department of M.Tech Computer Science and Engineering conducted a Class Committee Meeting for the **Third** year students of M.Tech CSE on 5th January 2023. The meeting was chaired by **Dr.V.K Reshma**, Associate Professor, Department of **Computer Science and Engineering**. The pointers of discussion were: Academic regulations, Syllabus completion, Tutor ward system, Value Added Course and NPTEL exam, Guidelines for CIA-I exam, Participation in Hackathon and other competitions, Maintaining Discipline, Dress code and punctuality.

PLACEMENT | TESTIMONIAL BY PLACED STUDENTS

At the very outset, I would like to express my heartiest thanks to SKCET. I extend my warm regards to the professors and friends, who immensely helped me succeed. The friendly atmosphere prevailing all over the campus among the faculty members and students felt refreshing throughout my college journey. Finding the right path to success at the right time is really very important and for that the Bootcamp placement training in SKCET has played a great role. The trainings were very helpful in sharpening my skills and accomplishing my career goals. The knowledge and transformation I had with this college is the reason I find myself successful today. Thanks to my parents, SKCET Management, Principal and the entire SKCET family for the wonderful opportunity.

Suba Ranjani M

Informatica

EEE | TESTIMONIAL BY PLACED STUDENTS

I wish to take a moment to express my profound gratitude to the entire Sri Krishna College of Engineering and Technology (SKCET) family for their steadfast support and dedication. As I embark on this exciting journey in my career, I can confidently state that SKCET has played a pivotal role in shaping not only my educational foundation but also my overall development. The guidance and support extended by the faculty and the placement team were truly exceptional. They not only provided me with the necessary knowledge and skills but also instilled in me the confidence and preparedness to excel in the professional realm. I am immensely grateful to the professors and staff in my department for their unwavering commitment. Their rigorous training has been instrumental in securing a coveted position at MU SIGMA. SKCET stands as the cornerstone of my life's journey and I deeply appreciate the support and dedication exhibited by the management and my department.

Abstract: COVID-19 has affected the health condition of the people in India to a huge extent. The death rate seems to be high during the second wave of COVID-19 compared to the first wave. This is mainly due to lethargic behaviour of the people. People fail to maintain social distancing and fail to wear the mask at public places. This has led to increase in spread of the disease. Government has announced the lockdown with some relaxations given to people to purchase the groceries with time restrictions. People tend to rush towards Supermarket to purchase groceries. This may further lead to increase in severity of the spread. Hence, the study proposes a secured system shopping which follows two-way screening process before letting the people into the super market. This system also proposed a smart shopping procedure which prevents excess billing time at the payment counter. Hence this system proves to be very effective in preventing the spread of the disease to a huge extent.

DDSS: Driver decision support system based on the driver behaviour prediction to avoid accidents in intelligent transport system

Balasubramani S^a, John Aravindhar D^b, P.N. Renjith^c, K. Ramesh^d

^a Department of Computer Science and Engineering, Kinneru Lakshmaiah Education Foundation, Vaddeswaram, Andhra Pradesh, India

ARTICLE INFO **ABSTRACT**

Keywords:
Driver behaviour
Intelligent transport system
Driver decision support system
Machine learning
VANET

Accidents caused by drivers who exhibit unusual behavior are putting road safety at ever-greater risk. When one or more vehicle nodes behave in this way, it can put other nodes in danger and result in potentially catastrophic accidents. In order to anticipate and handle unusual driving behavior in Intelligent Transportation Systems (ITS), this research presents a unique Driver Decision Support System (DDSS). A reliable driving behavior prediction system is used by the suggested DDSS to categorize drivers as displaying normal or abnormal behavior. In order to prevent accidents in ITS scenarios, the system reliably detects anomalous driving patterns and advises nearby vehicles to change lanes or alter speed. The driver behavior prediction algorithm efficiently groups drivers into behavior categories using the K-Means clustering method. In order to evaluate the algorithm's efficacy, a comparative analysis is conducted by comparing its outcomes against those of Support Vector Machines (SVMs), Decision Trees, K-Nearest Neighbours (KNN), Logistic Regression, and Naive Bayes. The integration of the Driver Decision Support System into the Intelligent Transportation System infrastructure serves to augment endeavours in accident prevention. Monitoring and analysis of driver behavior enable timely interventions, promoting safer driving practices and reducing accident risks. This research helps to create a more effective transportation system by reducing the number of accidents brought on by reckless driving. Because of its novel method to anticipating and controlling driver behavior, the proposed DDSS has promise for improving road safety and preventing accidents. The efficacy and the dependability of the driver behavior prediction algorithm are confirmed by the experimental assessment.

Dr. Ramesh K, Professor, Department of Computer Science and Engineering has published a paper entitled “Driver decision support system based on the driver behaviour prediction to avoid accidents in intelligent transport system” in the International Journal of Cognitive Computing in Engineering, Volume 5,2024,Pages 1-13, ISSN 2666-3074, <https://doi.org/10.1016/j.ijcc.e.2023.12.001>. It is SCI / Scopus indexed journal.

Abstract: In this paper, fuzzy coloring and total fuzzy coloring of intuitionistic fuzzy graphs are introduced. The fuzzy chromatic number, fuzzy chromatic index, total fuzzy chromatic number and total fuzzy chromatic index of both vertices and edges in intuitionistic fuzzy graphs are defined and their properties are analyzed with illustrations.

Keywords: Intuitionistic fuzzy graph, Fuzzy coloring, Total fuzzy coloring, Chromatic number, Fuzzy chromatic index, Total chromatic number.
2020 Mathematics Subject Classification: 05C22

1 Introduction
The fuzzy coloring and total fuzzy coloring concepts in intuitionistic fuzzy graphs, and their analog with the fuzzy vertex chromatic number, fuzzy edge chromatic number and the total fuzzy chromatic number with their analog utilizing the concept of fuzzy coloring and total fuzzy coloring.

SKCET IN MEDIA – GRADUATION DAY

THE HINDU

Sri Krishna College of Engineering and Technology holds 21th Graduation Day

S. Malarvizhi, Chairperson and Managing Trustee of Sri Krishna Institutions presided over and initiated the Graduation Day ceremony. CEO Dr.K.Sundararaman was present in the ceremony. Dr. J. Janet, Principal of the college welcomed and presented the graduation day report. Ganesh Thirunavukkarasu M, Regional Head - Academic Interface Programme Tata Consultancy Services was the Chief Guest, gave away the degree certificates to 1237 graduates and honoured 33 rank holders. He also delivered his graduation day speech. In this ceremony Principals of SKI, Deans, Heads of various Departments and the faculty members of Sri Krishna College of Engineering and Technology took part.

SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY HOLDS 21TH GRADUATION DAY

Coimbatore: Sri Krishna College of Engineering and Technology (SKCET), Kuniyamuthur, Coimbatore conducted its 21st Graduation Day ceremony on 6th January 2024 at its college premises. S. Malarvizhi, Chairperson and Managing Trustee of Sri Krishna Institutions presided over and initiated the Graduation Day ceremony. CEO Dr.K.Sundararaman was present in the ceremony. Dr. J. Janet, Principal of the college welcomed and presented the graduation day report. Ganesh Thirunavukkarasu M, Regional Head - Academic Interface Programme Tata Consultancy Services was the Chief Guest, gave away the degree certificates to 1237 graduates and honoured 33 rank holders. He also delivered his graduation day speech. He said that Digital transformation is ruling the world. India has many top companies in the world. The World is changing in a drastic level. Innovation in the organization, overcoming the disruption

and collaboration with many stakeholders are the three mantras for the Corporate to win in the world. These three cannot take place without the use of technology. Creativity is the inborn one of everyone, which should be used for organizational development. Everybody has creative ideas and it should be tapped by the Corporate. Corporate is focussing on life-long learning. So applying life-long learning, everyone should become an expert in any field. Curious mind leads to research. Apply research and support for national development. Be a responsible digital citizen. When posting on social media, we should be more careful. Design thinking is the need of the hour. The power of consistency is very essential. Organizations always expect ethical people. Maintain mental health for well-being. Good and professional relationship maintains a productive and cordial relationship. Finally he said that Graduation is the most important one. He asked the graduates to respect parents and protect them. In this ceremony Principals of SKI, Deans, Heads of various Departments and the faculty members of Sri Krishna College of Engineering and Technology took part.
