TECHNOCRATZ- An Innovative Club for Coding

About

In today's rapidly changing environment, programming skills are essential tools that can be utilized and incorporated into various fields and domains. Hence to equip students with problem solving skills and to increase confidence, these clubs empower them with more opportunities and challenges. The club encourages students who are passionate in coding to pursue their dreams, with the motto Create- Build- Innovate

Practices

The club conducts a college wide coding competition every year to recruit the students who are passionate about coding. The competition not only focuses on coding but also on logical, analytical and problem-solving skills

— The club encourages students to discuss and work on projects. All the members collaborate to achieve a common objective. Lecture sessions are also organized for the benefit of members, where some concepts of computer science are taught

— Skill building workshops and technical events on leading technologies are conducted to build their expertise in the field of IT.

“Programming isn't about what you know; it's about what you can figure out.” - Chris Pine

The **Technocratz Club** in association with the Department of Information Technology organized “**Tech Hunt**” for the students on 22.08.2023. Around 32 Student teams from II,III and IV Year IT actively participated in the event. The Top 3 teams were rewarded with certificates and cash prizes.

The Coding Club of IT - Technocratz organized “**Doublet Code 2.0**”- a coding contest for the students on 23.08.2023. A total of 57 Student teams from II,III and IV Year IT actively participated in the event. The Top 3 teams were rewarded with certificates and cash prizes.
