ENGINEERING

# ROBOTICS CLUB

# About the Club

The Robotics Club is a vibrant community for students passionate about the field of robotics and unmanned systems. Our mission is to provide comprehensive training and hands-on experience in both hardware and software aspects of robotics and drone technology. We aim to inspire innovation and support our members from the initial idea stage through to the product development phase.

## Mission

### **Our mission is to:**

- Foster a deep understanding of robotics and drone technology through hands-on training.
- Encourage innovative thinking and problem-solving skills.
- Support the transformation of ideas into tangible products.
- Connect members with industry professionals and provide career development opportunities.

# Vision

We envision a community where students are empowered to explore and innovate in the field of robotics and drone technology, contributing to advancements and applications that benefit society.

# Activities

## Training Programs:

- Our training programs cover a broad range of topics, including circuit design, sensor integration, microcontroller programming, and robotics algorithms. We emphasize hands-on learning to ensure members gain practical experience.

## Drone Assembly and Flying:

- Members learn to build drones from scratch, understanding each component's role. We provide comprehensive training on flying techniques, safety protocols, and navigation.

# Activities

## **Hackathons and Projects:**

- Regular hackathons and projects offer members the chance to work in teams, tackle real-world challenges, and develop innovative solutions. These activities promote teamwork, creativity, and practical application of theoretical knowledge.

## **Product Development:**

- We support entrepreneurial spirit by guiding members through the product development process. From refining concepts to constructing prototypes and conducting market analysis, we provide mentorship at every stage.

# Benefits

**Joining the Robotics Club offers numerous benefits:**

- **Skill Enhancement:** Gain hands-on experience and deepen your knowledge in robotics and drone technology.
- **Networking Opportunities:** Connect with like-minded peers, industry professionals, and potential collaborators.
- **Practical Application:** Apply theoretical knowledge to real-world scenarios, boosting problem-solving skills and confidence.
- **Career Development:** Access guidance, resources, and opportunities for careers in the robotics and drone industry.

# Rules and Regulations

To ensure a safe, productive, and collaborative environment, the Robotics Club has established the following rules and regulations. All members are expected to adhere to these guidelines to maintain the integrity and success of the club

## Conduct

**Respect:** Members must treat each other with respect and courtesy at all times.

**Safety:** Safety protocols must be followed during all hands-on activities, including drone flying and hardware assembly. Members must wear appropriate safety gear and handle equipment responsibly.

**Collaboration:** Teamwork and cooperation are encouraged. Members should work collaboratively and support one another.

**Academic Integrity:** All work submitted for projects and competitions must be original and free from plagiarism.

# Meetings and Events

**Attendance:** Members are expected to attend regular meetings and events. If unable to attend, members should notify the club officers in advance.

**Punctuality:** Members should arrive on time for meetings and events.

**Preparation:** Members should come prepared for meetings and training sessions, having completed any assigned tasks or readings.

## Equipment and Resources

**Usage:** Club equipment and resources must be used responsibly and for club-related activities only.

**Maintenance:** Members are responsible for maintaining and properly storing equipment after use.

**Reporting:** Any damaged or malfunctioning equipment must be reported to a club officer immediately.

# Projects and Competitions

**Participation:** Members are encouraged to participate in club projects and competitions. Participation should be collaborative and contribute to the team's success.

**Commitment:** Members involved in projects or competitions must commit to the necessary time and effort to ensure completion and success.

**Ethics:** All projects and competition entries must adhere to ethical standards and competition rules.

# Code of Conduct Violations

**Reporting:** Any violations of the club's rules and regulations should be reported to a club officer.

**Consequences:** Violations of the code of conduct may result in disciplinary action, including suspension or termination of membership.

Amendments

# Code of Conduct Violations

**Review:** These rules and regulations will be reviewed periodically by the club officers.

**Changes:** Any changes to the rules and regulations will be communicated to all members in a timely manner.

By joining the Robotics Club, members agree to abide by these rules and regulations. These guidelines are in place to ensure a positive and productive environment where all members can learn, innovate, and succeed

# Three days Summer Camp on 3D Printing and Robotics

DATE

**22.5.2024 - 24.5.2024**

LOCATION

**Advanced Automation Lab, MCT, SKCET**

FACULTY MEMBERS

**Mr S Paneerselvam, Assistant Professor/MCT**  
**Ms R Priyadharshini, Assistant Professor/MCT**  
**Dr G Veerapan, Associate Professor/MCT**  
**Mr T Vignesh, Assistant Professor/MCT**

EVENT OUTCOME

- **Enhanced Understanding of Robotics.**
- **Introduction to Microcontrollers and Arduino.**
- **Practical Skills in Arduino and TinkerCAD.**

# Three days Summer Camp on 3D Printing and Robotics

**SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY**  
An Autonomous Institution, Affiliated to Anna University  
Kunnamuthur, Coimbatore - 641008

**Department of Mechatronics Engineering Organizes**

**SUMMER CAMP ON 3D PRINTING AND ROBOTICS**

**HANDS ON PRACTICE**

**FREE**

**REGISTER AT**

Dates :20<sup>th</sup>-24<sup>th</sup> May 2024  
Timing :9am to 1pm  
Eligibility: Class 9 onwards

Mr T Vignesh  
8124811733  
Dr M Bhuvaneshwari  
9042076796

Advanced Automation Lab,  
MCT,SKCET

# Three days Summer Camp on 3D Printing and Robotics

# Entrepreneurial Endeavors in Robotics and ROS

DATE

16.05.2024 - 17.05.2024

LOCATION

Advanced Automation Lab, MCT, SKCET

RESOURCE PERSONS

**Mr. Yenikapati Tatwik**  
Co-founder of Anya Robotics  
**Mr. Manojkumar**  
Co-founder of Anya Robotics

EVENT OUTCOME

- Enhanced understanding of ROS and its applications.
- Practical experience using ROS tools for robot simulation.
- Inspiration to explore entrepreneurial endeavors in robotics technology.

# Entrepreneurial Endeavors in Robotics and ROS

SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY  
An Autonomous Institution Affiliated To Anna University  
HINDUSTHAN COLONY, CHENNAI - 600092

# Entrepreneurial Endeavors in Robotics and ROS

# Four days Hands-on Workshop on UAVs

DATE

11.3.2024 - 14.3.2024

LOCATION

SMI lab, MCT, SKCET

FACULTY MEMBERS

**Mr. Yuvaraj**

**Aerospace Professional**

**Skyrider Aero Solution, Chennai**

**Mr. Sam**

**Expert in Aeronautical Solutions**

**Skyrider Aero Solution, Chennai**

EVENT OUTCOME

- The workshop significantly enhanced students technical skills in UAV assembly, programming, calibration, and flying.
- Theoretical and Practical Knowledge bridged the gap between theoretical knowledge and practical application, providing a robust foundation in UAV and RC plane technologies.

# Four days Hands-on Workshop on UAVs

**SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY**  
An Autonomous Institution, Affiliated to Anna University, Chennai  
Kuniamuthur, Coimbatore-641008
