Awareness campaign against single-use plastic conducted

Associates of Intellectual Mission (AIM), a non-governmental organisation, conducted an awareness campaign against single-use plastic at the foothills of Marudamalai. Rangarajan, president of Somayampalayam Panchayat, inaugurated the awareness programme. Along with the NGO Volunteers, students from Sri Krishna College of Engineering and Technology and Bharathiyar University participated and urged those coming to the temple to use only cloth and jute bags, said P.A. Thirunavukkarasu, Managing Trustee of the NGO, said in a press release.

BASIC LIFE SUPPORT (BLS) AT TNAU ON FIRST AID

S No	Date of Event	Name of the Event	Department Organized	Event Coordinator	No.of Student Participants
1	10.09.2022	Basic Life Support (BLS) at TNAU on First Aid	ECE	Mr. C. Visvesvaran	50

The awareness about Basic Life Support and emergency medical services and its associated factors was organized by the NSS unit of SKCET in association with District Administration and Alert NGO. A world record was set by more than 5,000 school and college students in Coimbatore on Saturday, by demonstrating basic life support and recovery positions during critical conditions. The Asia Book of Records adjudged the record attempt held on the Tamil Nadu Agricultural University (TNAU) campus. The students in pairs demonstrated the basic life support steps. The collector said all 5,386 students took a pledge against the use of narcotic substances as part of the state-wide initiative launched by the government. "Apart from the world record attempt, the pledge by the students against the use of drugs is also considered an achievement to make a drug-free society on lines with the vision of chief minister M K Stalin," Sameeran added.

Outcome of the event:

A Basic Life Support (BLS) event delivers outcomes that include participants acquiring essential life-saving skills like CPR and AED use, fostering confidence in responding to emergencies, increasing awareness of BLS importance, evaluating skill retention over time, enabling quicker and more effective emergency responses, enhancing teamwork and communication, facilitating BLS certifications, engaging the public in preparedness, strengthening overall emergency readiness, enabling lifesaving interventions, collecting performance data for program improvement, and positively impacting community health and safety through widespread skill dissemination.

**AWARENESS CAMPAIGN FOR SOLID WASTE MANAGEMENT IN ASSOCIATION WITH
COIMBATORE CORPORATION AND AIM NGO**

S No	Date of Event	Name of the Event	Department Organized	Event Coordinator	No. of Student Participants
1	21-09-2022	Awareness Campaign for Solid Waste Management	MBA	Mehta Vani Joghee & Dr.C.Vinotha	60

As part of outreach program, faculty members of SoM, along with AIM a Non-Governmental Organization of Coimbatore has conducted an awareness rally against the usage of plastic/polythene bags which has been banned by the Tamil Nadu Government. The rally was conducted on 20/09/2022 and 21/09/2022 in Thiyagi Kumaran Market which is located near Raja Road, Town Hall, Coimbatore. The awareness program was conducted under the guidance of Coimbatore Corporation coordinators.

The students from School of Management, SKCET had taken part in this program. On both the days, the students have been segregated into five groups i.e., 12 in each. Later, group started to North and the other one to the south.12-member group has been further divided into two groups to cover most of the shops located in the market.

The main purpose of conducting this awareness among the shopkeepers and the consumers is to remove the usage of plastic bags and insisting them to use other alternatives like cloth bags, jute bags etc. so that environmental pollution or degradation can be avoided. The major impact of plastic bags on the environment is that it takes many years to decompose. In addition, toxic substances are released into the soil when plastic bags perish under sunlight and, if plastic bags are burned, they release a toxic substance into the air causing ambient air pollution.

The students have been divided into four groups and approximately 60-70 shops were covered. Each group went to 15 shops and gave the pamphlet to the shop owners and the customers also instructed not to use the plastic bags. The groups are being coordinated by the corporation employees. Each student has insisted and clearly explained about the

problems that is degrading our environment because of the usage of plastic bags and stucked a pamphlet on the walls of the shop.

Majority of the shops in the market are covered and all the details have been clearly explained to the persons out there. Stickers to be mounted on wall which contains instructions from the corporation are stucked across different shops so that information could reach the general public as well.

Students were assembled at Sanitary Health Inspectors office before starting the rally on the market side. Students were given a complete information about the rally and coordinators were assigned before starting

OUTCOME OF THE EVENT:

When students approached different shop owners and customers, they explained about the various causes by usage of plastics and environmental impact. They said shop owners not to provide any plastic bags to customers.

As an outcome many shop owners accepted the impact and said will try to avoid the usage of plastic bags in the shops. They also said in case if the customer asks for a plastic bag, they will insist the customer to bring any cloth or jute bags to buy the products from their shop.

In case if the customer doesn't accept that the owners will show the notice which was stucked in the wall that has been said by the government. Some customers also voluntarily said that if they see any shop owners are using any kind of plastic bags, they will try to inform the corporation office so that a fine amount will be charged on the particular store.
