SDG 17.2.2 - CROSS SECTORAL DIALOGUE ABOUT SDGs

This report summarizes the cross-sectoral dialogues and events organized or participated in during 2023 to advance the United Nations Sustainable Development Goals (SDGs). These initiatives aimed to bring together stakeholders from various sectors, including youth representatives, academic professionals, and healthcare trainers, to discuss sustainable practices, innovations, and emergency preparedness.

ACTIONS PLANNED

1. G20 Young Ambassador Summit 2023.
2. My waste My responsibility mission - Water Body cleaning and Blogging.
3. Awareness rally on central welfare schemes at Theethipalayam.
4. International Conference on Innovations in Robotics, Intelligent Automation and Control (ICIRIAC 2022).
5. Basic Life Support (BLS) at TNAU on First Aid.
6. Awareness Campaign for Solid Waste Management
7. MoUs

G20 Young Ambassador Summit 2023

The G20 Young Ambassador Summit 2023 was held on March 20, 2023 at Sri Krishna College of Engineering and Technology (SKCET) in Coimbatore, Tamil Nadu. The summit's theme was "Fuelling the Future of Global Youth and Climate Action".

Some of the speakers at the summit included:

Kalpathi Suresh, chairman, Kalpathi Investments

Ria Dabi, Assistant Collector, Alwar, Rajasthan

Anbu Rathinavel, head and co-founder, School of Design Thinking

Nupur Saxena, Joint Director, Arun Jaitley National Institute of Financial Management

Tamil Nadu Governor R.N. Ravi, the Chief Guest

The G20 is a group of 19 countries and two regional bodies, the European Union and

the African Union. India held the Presidency of the G20 from December 1, 2022 to November 30, 2023.

MECHATRONICS ENGINEERING ASSOCIATION

14.10.2022	International Conference on Innovations in Robotics, Intelligent Automation and Control (ICIRIAC 2022)	<ul style="list-style-type: none">➤ Dr. Anand Paul, Director, Connected Computing and Media Processing Lab, Kyunpook National University. South Korea.➤ Mr.Muthiah, Computation Engineer, Akka Technologies, Germany.
------------	---	--

Photography Highlights of the event:

The image displays a promotional poster for the International Conference on Innovations in Robotics, Intelligent Automation and Control (ICIRIAC 2022) alongside three photographs of the event. The poster, on the left, features the Sri Krishna College of Engineering and Technology logo and text: 'DEPARTMENT OF MECHATRONICS ENGINEERING in association with KYUNGPOOK NATIONAL UNIVERSITY, South Korea'. It invites attendees to the inauguration of the conference, listing keynote speakers Dr. Anand Paul (Director, Connected Computing and Media Processing Laboratory, Kyungpook National University, South Korea) and Mr. Muthiah (Computation Engineer, Akka Technologies, Germany). The event is presided by Dr. J. Janet, Principal, on October 14, 2022, at 9:30 am in room BS-03. Logos for ICIRIAC and the Robotics Society of India are also present. The three photographs on the right show: 1) Three women in green sarees performing a traditional lamp-lighting ceremony. 2) A large audience of students and faculty members seated in a hall. 3) A group of people, including a man in a white shirt and women in green sarees, standing behind a table during the inauguration.

CS48 - HARINI T is presenting

OBJECTIVES

- The most crucial factor in living a healthy life is eating a balanced & healthy diet. It supports healthy outcomes, ageing, normal growth, and the growth of a sense of well-being.
- One should become more aware of their food choices by making a few minor adjustments to their eating routine. It will lower the chance of developing cardiac and heart disorders and aids in maintaining a healthy body weight.
- Our main objective is to give users a personal mobile assistant using AI that will advise them on what to eat, how much to consume, and all of the food's calories and nutrients.
- Additionally, it also aids in lowering birth weight, malnutrition, and other issues.

List of participants

S.NO	Paper ID	Title of the Article	Authors Name
1	ICIRIAC 003	Analyzing and Securing Information, Images of Women in Online portal using CNN algorithm	Ganesh D R, Chithambarathanu M
2	ICIRIAC 006	IoT Based Smart Parking System	V.Kiruthika, M.Jagadeeswari , C.Sneha Prabha, H.Sreejaa
3	ICIRIAC 007	Stress-Free Workouts Using Virtual Reality	V.Kiruthika, M.Jagadeeswari , C.Sneha Prabha, H.Sreejaa
4	ICIRIAC 009	Tomato Leaves Disease Identification by Deep Convolution Neural Network Using Inception V3	Devi.D, Prasanna N, Prateek ram RA S, Niyaz mohamed N
5	ICIRIAC 011	Ordering Program Elements According to Testing Requirements	Animesh Srivastava and Parveen Kumar Saini
6	ICIRIAC 012	Braille Board Actuates Text into Braille code using Solenoid Actuator	Vignesh T, Barath V, Barath B, Bharath K A, Bhrugunandhana K
7	ICIRIAC 013	Importance of Machine Learning in Market Research	Prashast Singh and Bhuvanesh Kumar Sharma
8	ICIRIAC 014	Guerilla Marketing and Marketing Innovations in Industry 4.0	Samarth Singh Tyagi and Mahima Mishra
9	ICIRIAC 015	Leveraging Artificial Intelligence in Enhancing Financial Inclusion for the Un-Banked and Under-Banked in India	Aashna Karmacharya, and Santosh Gopalkrishnan
10	ICIRIAC 016	Marketing automation for digital transformation: a review	Bharti Sinha and Kanchan Patil
11	ICIRIAC 017	Virtual Reality in Sports – Redefining Audience Engagement and Expectations	Piyasha Sarkar and Mun Mun Ghosh
12	ICIRIAC 018	Impact of Local Cultures on Implementation of Industry 4.0	Mahesh Shinde, Naim Shaikh, Kishori Kasat
13	ICIRIAC 019	Conceptual Framework for Adaptive Access and Identity Management	Savio Extros and Nisha TN
14	ICIRIAC 020	The Need for Marketing Automation: A Review	Attideep Raina, and Hemraj Lamkuche

SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY

Kuniamuthur, Coimbatore. Tamil Nadu 641008

(An Autonomous Institution Affiliated to Anna University, Chennai)

15	ICIRIAC 021	Automation, Technological Employment, And Society	Ritesh Khatwani, Gopala Raghuram and Mahima Mishra
16	ICIRIAC 022	Impact of Virtual Reality on Consumer Buying Behaviour in India	Trisha Singh, Atish Ratan Dasgupta and Semila Fernandes
17	ICIRIAC 023	The Study of Evolution of Artificial Neural Network Systems and Development of Computational Intelligent Systems Using Artificial Intelligence for Improving the Performance in Financial Markets	Madhura Ranade, Aniruddha Joshi and Lavi Gupta
18	ICIRIAC 024	Application of Modern AR/VR Technologies in Brand Promotion	Himanshu Singh and Prasanna Kulkarni
19	ICIRIAC 025	Success Factors for Chat bots from the Perspective of an Indian Customer	Deven Bhalerao, Shaji Joseph
20	ICIRIAC 026	Impact of Automation on Productivity and Organizational Restructuring	Rajshree Sen, Vinita Sinha
21	ICIRIAC 027	Cyber Forensics in Curtailing the Growth of Cybercrimes: A Bibliographic Study	Soumya Singh and Pradnya Purandare
22	ICIRIAC 028	Competition in the RPA Industry: A Case Study of Blue Prism	Laxmikant Rane, Giri Gundu Hallur
23	ICIRIAC 029	Design and Fabrication of Smart Electric Bike	M. Vigneshwaran, A. Neelash Kannan, S. Adhithyan, S. Gopi Krishna, KP Hariharan, L. Gurunathan
24	ICIRIAC 030	Design and Fabrication of Autonomous Robot for Crop Yield Prediction and Analysis Using Machine Learning Algorithms	T.Sivaranjani, Dr.S.P.Vimal, Dr.J.Indirapriyadharshini, R.Gokila
25	ICIRIAC 031	A Highly Improved Distortion Minimizing Technique for Watermarking Relational Databases	Kavya.S.P, Prabu.K, Madesh Kumar.A, Muthu Logesh.M, Raghupathi natha Krishnan
26	ICIRIAC 032	Performance Analysis of Thin Layer Drying of Okra (Abelmoschus Esculentus)	S. D. Sekar, S. Sekar, S. Rajesh, P. J. Lokesh Kumar
27	ICIRIAC 035	Multibit Soft Error Resilient SRAM Based TCAM for FPGA	Celina Grace P and Dr S Sophia
28	ICIRIAC 038	A comparative study in predictive analytic frameworks in big data	Dr. Sudharson D, Dr.K.Vignesh, Dr.B.Suganthi, Dr. Arunkumar B, Ms. Shreya Vijay, Ms. Logita.S
29	ICIRIAC 040	A Novel Approach of Detection and Control of the Heavy Metals	Ms. Vanitha U, Hari Shruthi TK, Hemalatha A, Jothilakshmi M

Department of Mechatronics Engineering organized an International Seminar on “**Intelligent Vehicular Networks and Communication**” on 14.02.2023.

Resource person:

Dr. Anand Paul

Director,

Connected Computing and Media Processing Lab,

Kyungpook National University, South Korea.

Session Highlights:

- Dimensionality Reduction Techniques
- Couple Non negative Matrix Factorization
- Intelligent Transportation Systems
- Vehicular Network Model.

BASIC LIFE SUPPORT (BLS) AT TNAU ON FIRST AID

S No	Date of Event	Name of the Event	Department Organized	Event Coordinator	No. of Student Participants
1	10.09.2022	Basic Life Support (BLS) at TNAU on First Aid	ECE	Mr. C. Visvesvaran	50

The awareness about Basic Life Support and emergency medical services and its associated factors was organized by the NSS unit of SKCET in association with District Administration and Alert NGO. A world record was set by more than 5,000 school and college students in Coimbatore on Saturday, by demonstrating basic life support and recovery positions during critical conditions. The Asia Book of Records adjudged the record attempt held on the Tamil Nadu Agricultural University (TNAU) campus. The students in pairs demonstrated the basic life support steps. The collector said all 5,386 students took a pledge against the use of narcotic substances as part of the state-wide initiative launched by the government. "Apart from the world record attempt, the pledge by the students against the use of drugs is also considered an achievement to make a drug-free society on lines with the vision of chief minister M K Stalin," Sameeran added.

Outcome of the event:

A Basic Life Support (BLS) event delivers outcomes that include participants acquiring essential life-saving skills like CPR and AED use, fostering confidence in responding to emergencies, increasing awareness of BLS importance, evaluating skill retention over time, enabling quicker and more effective emergency responses, enhancing teamwork and communication, facilitating BLS certifications, engaging the public in preparedness, strengthening overall emergency readiness, enabling lifesaving interventions, collecting performance data for program improvement, and positively impacting community health and safety through widespread skill dissemination.

MEMORANDUM OF UNDERSTANDING

This Memorandum of understanding, hereinafter referred to as "MoU", entered into on this **08/12/2022** at Coimbatore, Tamilnadu by and between:

Sri Krishna College of Engineering and Technology, Coimbatore (hereinafter referred to as "**Institution**") which expression shall unless repugnant to the context or meaning thereof be deemed to mean and include its successors, legal representatives, executors, administrators & assigns), represented by the Principal, Dr. J. Janet, having its office at Kuniyamuthur, Coimbatore 641 008.

AND

M/s. Sri Krishna I-Tech and Management Solutions Private Limited (hereinafter referred to as "**Tally Institute of Learning**") which expression shall unless repugnant to the context or meaning thereof be deemed to mean and include its successors, legal

representatives, executors, administrators & assigns) and represented by its Director Shri. S. Lakshmipathy, having its place of business at #408, Cross Cut Road, Gandhipuram, Coimbatore – 641 012.

Whereas the Institution has proposed the Tally Institute of Learning to **conduct Tally Certification Courses for the students of Sri Krishna College of Engineering and Technology, Coimbatore** and the Tally Institute of Learning has agreed to conduct the said programme and the dates will be determined by BOTH THE PARTIES and whereas both the parties have agreed to abide by the terms and conditions as set hereunder:

Duration : For the academic year **2022-2023**.
Syllabus & Fees : As per the Tally Education Private Limited Norms.
Student Strength : Minimum 50 students.

Services:

We share the common vision of empowering the students by imparting industry relevant skill sets and increasing their employability.

To achieve our common goal Tally Institute of Learning and Sri Krishna College of Engineering and Technology, Coimbatore would collaborate on the following framework to execute the students training.

Roles of Tally Institute of Learning

1. To provide the training delivery content for smooth delivery.
2. To provide competent faculty for delivery of training.
3. To provide MUL Tally Software to Sri Krishna College of Engineering and Technology, Coimbatore.
4. To provide the support for execution of training in terms of technical knowhow.
5. To conduct the online assessments for the students enrolled in the training as per the details shared by Sri Krishna College of Engineering and Technology, Coimbatore and send their Digital Grade Certificates offered by the Tally Education Pvt Ltd after the final online assessment exam.
6. TEPL Placement, all other technical and academic activities inside the college campus.

Roles of Sri Krishna College of Engineering and Technology, Coimbatore

The schedule and the details of training to be shared with Tally Institute of Learning, Gandhipuram, Coimbatore.

1. To provide the required infrastructure for conducting in campus training.
2. To organize the online assessments as per the Tally Education Pvt Ltd assessment guidelines.

3. To make the payment to Tally Institute of Learning, Gandhipuram, Coimbatore, before the start of the course.

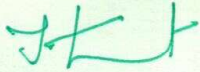

Payment Terms

100% advance before commencement of classes and payment to be made Cheque / DD in favor of **Sri Krishna I-Tech and Management Solutions Private Limited.**

In witness whereof, the parties hereto, through their authorized representatives, have executed this "MoU" as on the date, month and the year first above written.

MEMORANDUM OF UNDERSTANDING

between

POWER PROJECTS, CHENNAI

and

**SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY,
COIMBATORE**

This Agreement made and entered into on this 18th day of October 2022 BETWEEN **POWER PROJECTS, Porur, Chennai** and **SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY Kuniambutur, Coimbatore.**

1. OBJECTIVES OF THE MOU

The objective of this Memorandum of Understanding is to start long term collaboration between Power Projects and Sri Krishna College of Engineering and Technology in Technological, research and development by exchanging intellectual resource and infrastructure of both the organizations.

J.L.T

S. Selva

2. PROPOSED MODES OF COLLABORATION

Power Projects and Sri Krishna College of Engineering and Technology (SKCET) propose to collaborate through

- a. **Seminars and Workshops:** The knowledge, skill and technological expertise available with both Power Projects and SKCET needs to be exchanged through technical seminars and workshop.
- b. **Executive Training:** Upgrading the education to the executive level through Industry-ready Programs to the students of SKCET either in SKCET or in Power Projects which is proposed to organize by Power Projects.
- c. **Expert Training:** Upgrading the skill and knowledge of Employees of both Power Projects and SKCET through proper Skill development programs which may be organized by both Power Projects and SKCET jointly or separately.
- d. **Journal Publishing & Conferences:** The faculty members of SKCET and Engineers of Power Projects can jointly or separately work for a particular research area by utilizing the intellectual and infrastructural resources of both Power Projects and SKCET. The outcome of the research may be published in Journals and/or Conferences.
- e. **R&D Project Works:** The intellectual and infrastructural resources of both Power Projects and SKCET may be shared in undertaking and executing any Power system related R&D projects.
- f. **Professional Assistantship:** Professional assistantships in the form of Project guidance and In-Plant visits may be provided, by Power Projects.
- g. **Logos Sharing:** Logos of Power Projects and SKCET may be mutually utilized by other party in Academic and Training related documents like certificates, brochures etc.

Each of the above modes of interaction will be initiated by entering into a separate agreement between the two parties.

3. TERMS AND TERMINATION

This MoU is valid for 10 Years and may be amended or terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MOU upon 60 days prior written notice to the other party.

4. RELATIONSHIP

Nothing in this MOU shall be construed to make either party a partner, an agent or legal representative of the other for any purpose.

5. ASSIGNMENT

It is understood by the Parties herein this MOU is based on the professional competence and expertise of each party and hence neither Party shall transfer or assign this Agreement, or rights or obligations arising hereunder, either wholly or in part, to any third party.

Memorandum of Understanding (MOU)

Between

KPIT Technologies Ltd

and

SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY

Background:

KPIT Technologies Ltd. Has a CSR Initiative "KPIT Sparkle" which is run as an innovation platform it organizes student innovation contests known as "i-Innovate" and "KPIT Shodh Awards" to recognize cutting-edge research. The "KPIT NOVA" is a platform for upskilling. For the mentioned programs, KPIT Technologies wish to involve student welfare representation at the college level. The beneficiaries are valid students from Indian Universities.

This platform has been awarded the 18th FICCI award for innovation in CSR. The participants are valid full-time students from undergraduate, Master to Ph.D. levels. These students belong to Science, Technology, Management, and Design disciplines. The students are supposed to submit an innovative idea and further on approval, need to create a prototype. The final top 30 teams are invited each year in February to showcase their innovation through actual implementation. They further get evaluated by a team of eminent Jury panel who are a mix of national and international experts from industry and academia. Each year teams win total prize money of over 21 Lacs for "KPIT Sparkle" and 5 lacs for "KPIT Shodh Awards". There are cash awards for Mentors as well. We also provide opportunities for Incubation to the top 100 teams through our incubation partner network.

Purpose:

We wish to make the participation of students denser from all over the country. The partnership MoU as a **Campus Activation Partner and establishment of KPIT Club** in the institution for better promotion of the program and have maximum participation of innovators to solve India's problems in Mobility and Energy. We have found **SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY** to be interested in active participation in the cause and this is an MoU for the same.

The following are the points for agreement.

1. The student teams with mentors are the sole owners of the ideas in the i-Innovate contest, the IP related to these is also in the name of the student. Both KPIT and **SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY** acknowledge the same.
2. It would be required to have active involvement of the college/institution/university/Incubation Centre. There will be a requirement of having a professor as a SPOC to KPIT. **A student ambassador** for the KPIT Sparkle team to communicate and organize the activities during the year.

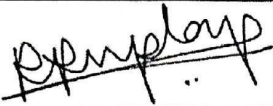

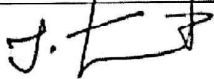

3. KPIT Sparkle team will hold promotion events at **SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY** to explain the details of the platform and process of selection etc. It is expected that the student body representatives promote this event at nearby colleges and allow a peaceful assembly of students from other colleges who are interested.
4. There are phases of the program such as Registration & Idea submission, Premiere round, Pre-Finale, and Finale. During these different milestones, there would be a requirement of promotions, on-ground activation, elimination rounds, volunteers for a certain number of days, etc. which will be expected to be fulfilled.
5. Since there is business mentoring and technical mentoring provided to student teams during the progress from TRL 0 to TRL 5, there could be the requirement of the college auditorium to set up lighthouse centers for other teams from other colleges to come to attend and benefit.
6. The college will allow the usage of resources for prototyping for those teams (from other colleges) who don't have the facility at their college. The fee for usage will be directly borne by student teams who apply for such help at **SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY**.
7. The responsibilities of the **Professor and Student Ambassador** who will be front-facing the KPIT Sparkle team would be as follows.
 - a. Gather Total Strength Details as per academic background & Year
 - b. Connect with nearby college clubs and educate them about KPIT Sparkle
 - c. Identifying Ideas in the space of Mobility & Energy on LinkedIn, College Events, Innovation fests, College Clubs, and other sources.
 - d. Promotion-Online & Offline of Sparkle on Website, social media (joint promotion post), College WhatsApp groups, offline at college
 - e. Creating buzz about Sparkle in College
 - f. Getting good video bytes & stories of Innovation from college
 - g. Looking after all arrangements such as Infrastructure, auditorium booking, principal/dean availability, etc. as per standard protocols.
 - h. 5 Professors will be required to evaluate the Ideas process of Evaluation, which will be shared through logins.
 - i. Identification of Large Scale Working Prototypes
 - j. Joint Post Collaboration with Colleges on work done at Sparkle Club
 - k. Integration of Facebook/YouTube Lives for Webinars or any other sessions
 - l. Certificate of Recognition & Honorarium will be provided to all 5 professors.

8. In agreement with all the above points both the institutions confirm their acceptance of this joint Memorandum of Understanding by authorized signatories as below.

9. This Memorandum of Understanding shall not be binding upon the parties and neither party shall be held liable under this Memorandum of Understanding for any consequential, special, direct, indirect, incidental, punitive, or exemplary damages, costs, expenses, or losses (including, without limitation, lost profits, and opportunity costs), nor shall they be liable for any claim or demand by any third party.

The validity of this MOU shall be for **one year** from the date of signatures. The validity can be extended by mutual consent via email.

Authorized Signatories.
