SDG 13 – CLIMATE ACTION

CLIMATE ACTION

It focuses on taking urgent action to combat climate change and its impacts. This includes strengthening resilience and adaptive capacity to climate-related hazards, improving education and awareness on climate change, and promoting sustainable practices to reduce greenhouse gas emissions. SDG 13 emphasizes global cooperation and policy efforts to address climate change at all levels.

POLICY

Our institute is dedicated to SDG 13: Climate Action by actively engaging in initiatives that combat climate change and promote sustainability. Through efforts like tree plantation drives and awareness rallies, we aim to reduce carbon footprints and foster environmental stewardship. Our policy encourages the adoption of eco-friendly practices and sustainable solutions within the community. We strive to raise awareness on the importance of climate action and inspire collective efforts to mitigate climate-related impacts. By empowering individuals, we aim to create a positive environmental legacy for future generations.

REPORT

1. About the Program

World Environment Day is the largest global platform for environmental public outreach and is celebrated by millions of people across the world. It is a day marking and reminding global citizens of the continuous negative impact of global warming and climate change. Tree plantation is very necessary because trees provide oxygen to the environment and make the air quality better. By planting a single tree, we contribute to the fight against climate change, conserve biodiversity, and improve the overall quality of life for people and animals alike.

Since, students are the future of the nation and the gift to the world, an awareness campaign was initiated to public through students by tree plantation on the World Environment Day.

The students from Sri Krishna College of Engineering and Technology as part of "World Environment Day" Department of Science and Humanities conducted "Tree plantation - An Awareness campaign" on 05.06.2023 along with First year students associated with AIM, NGO, Selvapuram, between 10 am – 1.00 p.m. The students were participated with energetic in this event. Nearly 150 saplings have been planted in Selvapuram and nearby area. This event was targeted to public to initiate tree plantation for green and clean environment.

Outcomes:

- As part of "**World Environment Day**" Department of **Science and Humanities** conducted "**Tree plantation - An Awareness campaign**" on 05.06.2023 for public awareness through students.
- An overwhelming response of over 125 aspiring and vibrant volunteers from various departments participated in this programme.

Cleaning up lakes and ponds is essential for preserving these vital water bodies. Regular maintenance, including the removal of debris, pollutants, and excess aquatic vegetation, not only improves their aesthetic appeal but also offers numerous advantages. Firstly, it ensures the availability of clean, safe water for various uses, such as drinking, recreation, and wildlife habitat. Secondly, lake and pond cleanup enhances water quality, reducing the risk of harmful algal blooms and maintaining balanced ecosystems. Moreover, it promotes tourism and outdoor activities, benefiting local economies and fostering community well-being. In an era of growing environmental concerns, the restoration of lakes and ponds is a necessary step toward sustaining the health and biodiversity of our ecosystems and ensuring a higher quality of life for future generations.

Outcome of the event:

1. As part of “**International Coastal Cleanup Day**” Department of **ECE** conducted “**Cleaning of Water Bodies**” on **24.09.2023** with our College Students.
2. An overwhelming response of over 30 aspiring and vibrant College Students participated and attended the event and got motivated towards the cleanliness of water bodies from the event

REPORT ON WATER CONSERVATION DAY

The Department of Computer Science and Business Systems, in association with the National Service Scheme (NSS), organized an outreach activity for the students of Government High School, Kuniyamuthur on 21.07.2023. The primary objective of this event was to raise awareness and promote the importance of water conservation among the school students.

The outreach activity took the form of an Art Competition, wherein the students were invited to showcase their artistic talents and creativity while expressing their thoughts and ideas about water conservation through their artwork. The topic of the Art Competition was specifically focused on "Water Conservation," aiming to highlight the pressing need for preserving this valuable natural resource.

The event garnered enthusiastic participation from the students of Government High School, Kuniyamuthur. They eagerly took part in the competition, demonstrating their passion for both art and environmental conservation. The young participants put forth their best efforts to create meaningful and thought-provoking artwork that conveyed the message of water conservation in various unique and imaginative ways.

After the Art Competition, a panel of judges carefully evaluated the submitted artworks based on creativity, originality, and relevance to the theme. The judging process was likely to have been fair and transparent, ensuring that the most deserving entries were recognized.

As a reward for their hard work and dedication, the winning teams were appreciated and celebrated during the award ceremony. The encouragement and motivation provided to the students were an essential aspect of this initiative, as it

reinforces the idea that their efforts in promoting social and environmental causes are recognized and valued.

Outcome of the event:

1. The students were advised to preserve water to create a healthy environment.
2. The importance of saving water is taught to the 34 participant students.
