### **Water Conservation**

The Department of Computer Science and Business Systems, in association with the National Service Scheme (NSS), organized an outreach activity for the students of Government High School, Kuniamuthur on 21.07.2023. The primary objective of this event was to raise awareness and promote the importance of water conservation among the school students.

The outreach activity took the form of an Art Competition, wherein the students were invited to showcase their artistic talents and creativity while expressing their thoughts and ideas about water conservation through their artwork. The topic of the Art Competition was specifically focused on "Water Conservation," aiming to highlight the pressing need for preserving this valuable natural resource.

The event garnered enthusiastic participation from the students of Government High School, Kuniamuthur. They eagerly took part in the competition, demonstrating their passion for both art and environmental conservation. The young participants put forth their best efforts to create meaningful and thought-provoking artwork that conveyed the message of water conservation in various unique and imaginative ways.

After the Art Competition, a panel of judges carefully evaluated the submitted artworks based on creativity, originality, and relevance to the theme. The judging process was likely to have been fair and transparent, ensuring that the most deserving entries were recognized.

As a reward for their hard work and dedication, the winning teams were appreciated and celebrated during the award ceremony. The encouragement and motivation provided to the students were an essential aspect of this initiative, as it
