ABOUT THE INSTITUTION

Sri Krishna College of Engineering and Technology continues to make a lasting impact on the lives of young scholars and professionals, fostering excellence, innovation, and global academic collaboration year after year. SKCET is a premier Autonomous Institution that offers experiential education through learning, discovery, and innovation for all scholars, ever since inception.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering, established in 1998, offers undergraduate and postgraduate programmes in Mechanical Engineering and Engineering Design respectively. The department is also a recognised research centre of Mechanical Engineering Anna University, offering Ph.D. programmes in various research domains.

Over 35 scholars have successfully completed their doctoral studies through the research centre, while 34 candidates are currently pursuing their Ph.D. research. The department has secured research and development fund to a tune of ₹540 lakhs from prestigious Government and private funding agencies, including All India Council for Technical Education, Department of Science and Technology, University Grants Commission, and leading industries.

CONFERENCE TOPICS

Advanced Functional Materials and Manufacturing

Composite Materials and Smart Materials
Surface Modification and Heat Treatment
Metal and Plastic Joining Techniques
Additive Manufacturing
Material Testing and Characterization

Industrial Engineering & Quality Management

TPM / JIT / KAIZEN / 6σ / DOE
FMS
SPC / Industrial Scheduling
Safety and Maintenance Engineering
ERP / Lean Manufacturing
CAD / CAE / DFMA
Product and Process Design

Thermal Engineering

Intermittent Energy Based Systems
Refrigeration and Air Conditioning
Cryogenics
Computational Heat Transfer / CFD
Power Generation Systems
Micro and Nano Scale Heat Transfer
